**AWM Systems Inc.** is an emerging Software development, IT Integration, Management and Internal control systems consultancy firm. We strive to satisfy the most elaborated Management and IT needs of our customers under one umbrella and meet the ever increasing pressure to cut costs to survive the ongoing recessions. Our team consists of creative individuals with top Financial, IT, Project management, and in depth understanding of product engineering principles.

**Why Us ? - Our Proven Success:** Our projects are implemented on-time and within budget. 65+% of our revenues come from repeat business with our existing customers. All of our customers give us positive references, and some customers have proactively referred other customers to us without our asking. We have significant experience of implementations in manufacturing, retail and distribution, finance, and healthcare.

**Why iStore ? - Increase Visibility** with auto generated information about cash, stocks, expiry, returns, purchasing power and profit. Make yourself comfortable from headache situations of stock's misplacement and salesman's burglary. Session/Salesman based "Cash Drawer" help you manage your shifts. In addition, full visibility suppliers and customer record result in more efficient and highly personalized sales, fulfillment, and service processes.
